

# Spark Something

Alex Wiley

Maybe we can spark something  
Maybe we can spark something

Do you wanna see what I see?  
Do you wanna be like me? Hope not  
I came from the land where the rain don't stop  
So get live in his face  
He was trying to escape  
But his clipped wings can't go far  
Trip but he ain't gonna fall  
Look to the sky as a guy  
But there ain't no stars  
I am the God  
We are the gods  
I am the sun  
We are the stars  
Ain't no defeating me  
I am the deity  
What do you see in me God?  
I know I seem to be lost  
But I know I'm free to be lost

Rollin apart my dope  
Wanna smoke my dope  
In different places  
Now when I'm chiefin  
Fuck nigga I just see blurs  
I don't see no faces  
I'm just, rollin apart my dope  
Wanna smoke my dope  
In different places  
Now when I'm chiefin  
Fuck nigga I just see blurs  
I do not see no faces  
Man

Maybe we can spark something  
Maybe we can spark something
