Okay, I been, I been high for way too long  
I just came to show face, okay?  
Ain't trying to stay too long  
I just do my own thing, okay?  
And hope it all work out  
Trying to set the bullshit  
Ablaze, and hope it all burn down  
And niggas ain't shit if they spitting  
They ain't spitting it like I do  
Nigga why you looking around I'm right by you  
Act stupid enough they might sign you  
I've been killing shows from NY to the Bayou  
And you can keep your fucking take on what I do  
It's feelin' super fucking fake when I smile  
Never thought I'd envy a child  
The way they so free, so honest, so wild

I'm just hoping your feeling the same  
I'm just hoping you feeling the boy  
I just know that I spit it insane  
I just know that I'm filling the void  
Weak niggas I'm finna destroy  
I been gunnin' shit up when I came  
Know we left as the end of the story  
When it's all said and done you sink like a rock  
Cream always gon' rise to the top  
Little nigga we killing the noise

Now I only put out good vibrations  
I don't even see the lows  
Tunnel vision to the paper  
I don't really need you hoes  
But if I like her energy  
Then motherfuck a body count  
Authenticity I need  
So please don't change on my account  
Now I only put out good vibrations  
I don't even see the lows  
Tunnel vision to the paper  
I don't really need you hoes  
But if I like her energy  
Then motherfuck a body count  
Authenticity I need  
So please don't change on my account

I don't think they understand  
I'm my own man  
I'm a grown man  
You are not my homies  
I don't think they understand  
I'm my own man  
I'm a grown man  
You are not my homies

Now I only put out good vibrations  
I don't even see the lows  
Tunnel vision to the paper

I don't really need you hoes  
But if I like her energy  
Then motherfuck a body count  
Authenticity I need  
So please don't change on my account
