

Arrogant

AleXa

Convenient how you miss me when you're lonely
Especially when you're drunk and wanna fool me
In my DM's, do you think I'm just a trophy?
Yeah, you're the type that just likes it
You'll never win me, keep trying

You listen to my songs when you're going home alone
And I know you're getting off on the stories that I post
No, it's not my problem that you're more delusional than most
Oh, I thought you were hot, but you're not

You're so full of yourself
You probably think this song is about you
Telling everyone I'm crying about you
When clearly you're the one who's obsessed
You're so irrelevant, why you so damn arrogant?

Bet you wish you never got my name tattooed
Now you're pissed I'm permanently stuck on you
Lying telling stories that you dumped me too
Glad I keep you inspired, you pathological liar

You listen to my songs when you're going home alone
And I know you're getting off on the stories that I post
No, it's not my problem that you're more delusional than most
Oh, I thought you were hot, but you're not

You're so full of yourself
You probably think this song is about you
Telling everyone I'm crying about you
When clearly you're the one who's obsessed
You're so irrelevant, why you so damn arrogant?
And toxic as hell
I know you think this song is about you
Telling all your friends you know I still want you
If you wonder why I made you my ex
You're so irrelevant, why you so damn arrogant?

A-A-A-A-A-Arrogant
A-A-A-A-A-Arrogant
A-A-A-A-A-Arrogant
You're so irrelevant, why you so damn arrogant?

You're full of yourself
You probably think this song is about you
Telling everyone I'm crying about you
When clearly you're the one who's obsessed
You're so irrelevant, why you so damn arrogant?
And toxic as hell
I know you think this song is about you
Telling all your friends you know I still want you
If you wonder why I made you my ex
You're so irrelevant, why you so damn arrogant?
