Hey, yeah, yeah  
Oh  
Hey  
Listen up

What the hell you gonna do?  
You don't know what I've been through  
Such a player, that's your nature  
Here we go-o-o again  
It's a road that I've been down before  
I ain't gonna do that shit no more  
I got fed up, need a change up  
Gotta tell ya, it never felt much better

Wow  
You got a, got away, huh?  
Now  
I'm gonna tell you like it is, hun

Up and a-down and around we go  
I'll toss you off like a rodeo  
Don't think I ever gonna say that I do (Yeah)  
Then why you stuck on me just like a tattoo? (Stuck on me like a tattoo)  
Don't try to call, I'ma be a ghost  
Hittin' me up when it hurts the most  
You're sweet talking but it's all déjà vu (Déjà vu)  
Then why you stuck on me just like a tat?  
On me like a tattoo

Tattoo, tattoo, tattoo  
Tattoo, tattoo, tattoo  
Tattoo, tattoo, tattoo  
Yeah, yeah, yeah, yeah (Uh)

I'm so tired, I'm so fed up, I don't need the drama  
We've been here before, your lovin' only causing trouble  
And it was beautiful  
But that was long ago  
Right now, I'm busy swaying on my own  
Right now, I'm happy doing it alone  
'Cause he can't give me what I like, I just found another type  
And it's me, myself, and I

Woo-hoo, wishing you got lucky  
No-ooh, you won't get this juicy  
Now  
I'm gonna tell you like it is, hun

Up and a-down and around we go  
I'll toss you off like a rodeo  
Don't think I ever gonna say that I do (Yeah)  
Then why you stuck on me just like a tattoo? (Stuck on me like a tattoo)  
Don't try to call, I'ma be a ghost  
Hittin' me up when it hurts the most  
You're sweet talking but it's all déjà vu (Déjà vu)  
Then why you stuck on me just like a tat-?  
On me like a tattoo

Don't think that I'll ever call ya (Oh)  
Oh, baby, why do you bother?  
I'll never say I do (Never say I)  
You broke my heart in two (Yeah)  
I'll rub you off  
Staying put for long enough  
Sail away, sail away now (Sail away)  
Now

Up and a-down and around we go  
I'll toss you off like a rodeo (Ooh-ooh)  
Don't think I ever gonna say that I do  
Then why you stuck on me just like a tattoo? (Stuck on me like a tattoo)  
Don't try to call, I'ma be a ghost (Oh)  
Hittin' me up when it hurts the most (Oh)  
You're sweet talking but it's all déjà vu (Déjà vu)  
Then why you stuck on me just like a tat?  
On me like a tattoo

Tattoo, tattoo, tattoo (On me like)  
Tattoo, tattoo, tattoo (On me like)  
Tattoo, tattoo, tattoo  
On me like a tattoo
