

We Can

AleXa

Wash your hands
With lots of soap
30 seconds
In running water

When you cough
Cover your mouth
And your nose
With your sleeve

Do not touch
Or rub your face
With your hands
Please be careful

Don't forget
It's for you
And for us
Wear a mask

Keep your space
From each other
Don't go out
And stay home

We will all
Come out strong
So take care
Until we meet

I can do it (We can, stay safe)
You can do it (All together)
We can do it (We can do it)
Yes we can (Yeah)

We will all
Come out strong
So take care
Until we meet

I can do it
You can do it
We can do it
Yes we can

Do your part
And stay safe
COVID-19
Let's beat it, yeah!
