

# Everything's Fine

Alexander 23

All my dreams are coming true  
But somehow I'm not having fun  
I got someone who tells me "I love you"  
But somehow it's still not enough

Oh never mind  
Yeah everything's fine

Everything's fine except for me  
Everything's good that you can see  
Everything's cool except inside  
I feel it all burning me alive

Yeah everything's fine except for me  
I guess I'll be fine eventually  
Until I'll just keep lying to myself  
That everything's fine

I got a brother and a sister  
I got a mom I got a dad  
I got the things the matter most  
But I'm still figuring out how to matter most right back to them

Oh never mind  
Yeah everything's fine

Everything's fine except for me  
Everything's good that you can see  
Everything's cool except inside  
I feel it all burning me alive

Yeah everything's fine except for me  
I guess I'll be fine eventually  
Until I'll just keep lying to myself  
That everything's fine

I hope that I live long enough to find  
To find out this is a quarter-life crisis  
I hope the next 75 aren't all like this  
Oh never mind

Everything's fine except for me  
Everything's good that you can see

Everything's fine except for me  
I guess I'll be fine eventually  
Until I'll just keep lying to myself

That everything's fine
