

High School

Alexander 23

We were high school friends and high school lovers
Got a fifth of jack from your big brother
Ooh-oooh-oooh-oooh-oooh
Didn't know that cop was undercover
'Til he pressed your hands against each other, oh
Ooh-oooh-oooh-oooh-oooh
Because you were my very first love
And I thought you'd be my last
'Til I found out that days go fast

How did we get here?
How do we get back?
Wish I could do it all again
We were just kids then
Doing our best when
All of the rest got in the way
And I miss my best friend
Drunk at the dead end
All of our stress would melt away
How did we get here?
How do we get back?
Oh-oh
Oh-oh-oh-oh-oh-oh-oh
Oh

We were high school friends and high school lovers
When the bell would ring we'd find each other, oh
Ooh-oooh-oooh-oooh-oooh
Oh, imagine if we went to the same college
Would we still lock lips
Or maybe you would hate my guts
Oh no, we'll never know

How did we get here?
How do we get back?
Wish I could do it all again
We were just kids then
Doing our best when
All of the rest got in the way
And I miss my best friend
Drunk at the dead end
All of our stress would melt away
How did we get here?
How do we get back?
Oh-oh
Oh-oh-oh-oh-oh-oh-oh-oh
Oh
