I tried to give you the world but you wanted Mars too
No one who I could've been was good enough for you
You say "I love you" but you don't believe it
You say "I love you" but it don't mean shit
I tried to give you the world but you wanted Mars too
You wanted Mars

Na na na na na
Na na na na na
Na na na na na
You wanted Mars

Na na na na na
Na na na na na
Na na na na na

When your brown eyes open up to someone new
I hope it's everything I wasn't looking back at you
I don't hate you, I just hate that you were mine to lose
And I fucked it up forever

But when it's late at night and I'm running through your brain
Wondering if I could have been your very best mistake
You don't love me, you just love when other people say
"Oh my God, they're cute together"

I tried to give you the world but you wanted Mars too
No one who I could've been was good enough for you
You say "I love you" but you don't believe it
You say "I love you" but it don't mean shit
I tried to give you the world but you wanted Mars too
You wanted Mars

Na na na na na
