

She Loves Me

Alexander 23

She loves me
She loves me not
She fucks with me
She fucks me over
She loves me
She told me so
But then she goes
And fucks me over
Make up your mind
Girl am I yours are you mine
Or am I wasting my time
She loves me
She loves me not

I'm dying to
To make some room
For a life inside this
Living room
But baby do
You even want me too
Do you kill me
Cause I'd die for you

Yea some days you're hot
And some days you're cold
Some days I get burnt
Some days I get froze

She loves me
She loves me not
She fucks with me
She fucks me over
She loves me
She told me so
But then she goes
And fucks me over
Make up your mind
Girl am I yours are you mine
Or am I wasting my time
She loves me
She loves me not

I'm beggin' you
To tell the truth
You shoot me with lies
Like I am bulletproof

Oh the prize is not worth fighting over
Price too high to pay
But you erase my better judgement when
You tell me I should stay

Yea some days you're hot
And some days you're cold
Some days I get burnt
Some days I get froze

She loves me
She loves me not
She fucks with me
She fucks me over
She loves me
She told me so
But then she goes
And fucks me over
Make up your mind
Girl am I yours are you mine
Or am I wasting my time
She loves me
She loves me not
