

# So Small

Alexander Jean

I'm too young  
I'm too old  
Kinda miss gettin' stoned  
I'm scared to death but I like it  
Now my jeans they don't fit  
And my hair looks like this  
But I've never been so excited

I've heard so many people say  
That everything's about to change  
I can't believe the biggest thing  
To happen to me could be  
So small  
So small  
Could be  
So small

Will your hair look like mine  
Will I see her in your eyes  
Can you hear my voice when you're movin'  
Yeah I'm all in my feels  
Now that it's getting real  
And I hope I know what I'm doin

I've heard so many people say  
That everything's about to change  
I can't believe the biggest thing  
To happen to me could be  
So small  
So small  
Could be  
So small

Tiny human of mine  
When you finally arrive  
You'll be  
So small

Ain't it funny  
How the biggest thing to happen to me  
Could be  
So small  
So small
