

All True Man

Alexander O'Neal

When you need a friend
Someone you can lean on
Who will understand
Understand your problems
When you need a lover, woo
Someone who will satisfy
Don't you call no other, no no
Just call me anytime

I'll be there to fulfill your every need

If you want a man
Strong but sensitive
(Ooh, baby)
Anything you need
I'll be willing to give
Every day and night
I will treat you right
You need an all true man
(I'm a man, I'm a man)

I'm an all true man

When you need to cry
I'll be there to dry your eyes
You don't have to suffer no more
It'll be alright
'Cause the secret to being complete
In your love life
If you're an all true woman
You need an all true man, yeah

I'll be there to fulfill your every need

If you want a man
Strong but sensitive
(Oh, oh)
Anything you need
I'll be willing to give
Every day and night
I will treat you right
You need an all true man
(You need a man to go to work)

If you want a man
Strong but sensitive
(Somebody to treat your right)
Anything you need
I'll be willing to give
(Take care of your woman all through the night)
Every day and night
(Yeah, baby)
I will treat you right
(I'm a man)
You need an all true man
(You need an all true man, yeah yeah)

I'm a man, baby
Taking care of my woman, girl
Go to work each day for the work that you could play
I got to be the man I'm supposed to be
Ooh, true woman, yes
Oh, I'm the man, baby
True woman, so sweet
I'm an all true man
Let me say it again
(All true man)
Let me say it again, I'm an all true man
If you know you need it, yeah baby
Woman, sugar, yes
(All true man) I'm an all true man, baby

If you want a man
Strong but sensitive
(If you want a man)
Anything you need
I'll be willing to give
(I'll give you what you need)
Every day and night
I will treat you right
You need an all true man
(Oh, oh, woman)

If you want a man
(Come get your love, baby)
Strong but sensitive
(From an all true man)
Anything you need
I'll be willing to give
(It's a big difference, yeah)
Every day and night
I will treat you right
You need an all true man
(Oh, oh, woman)

All true man... all true man... all true man...
