

# Aphrodisia

Alexander O'Neal

Aphrodisia, darling, let me take you there, Aphrodisia  
Aphrodisia, darling, let me take you there, Aphrodisia

I never thought I'd ever get you here  
So, baby, let's love before the moment disappears  
The fire's burnin', it's time for learning what turns us on  
When we're in motion, we'll keep going until the dawn  
Oh girl, understand I just want to be the man  
To give you what you need, just come along with me

Aphrodisia, darling, let me take you there, Aphrodisia  
Aphrodisia, darling, let me take you there, Aphrodisia

No stalling, no more small talking, girl, I want you to know  
I got plans for you body, baby  
Kiss you here and lick you there  
What's your pleasure, I don't care

Girl, I'm so excited and only you can take me higher  
Aww, come on and ride it I can't wait to get inside ya  
Eww, come here, suga, let me taste your body now  
I'm hungry for your loving just let me show you how

Aphrodisia, darling, let me take you there, Aphrodisia  
Aphrodisia, darling, let me take you there, Aphrodisia  
Aphrodisia, darling, let me take you there, Aphrodisia  
Aphrodisia, darling, let me take you there, Aphrodisia

I've been on your case for days  
Girl, since I laid eyes on you  
I could see it in your face  
You got those "lack of lovin' blues"  
You don't have to weep no longer  
"Cause the love doctor" is here  
I got stuff to make ya holler  
So let me be your souvenir

C'mon let me taste you, girl, let me get inside your world  
I wanna take your mind somewhere, you best just be prepared  
I can't wait ta' stimulate cha'  
Let me ease your tension inside places I won't mention

Aphrodisia, darling, let me take you there, Aphrodisia  
Aphrodisia, darling, let me take you there, Aphrodisia  
Aphrodisia, darling, let me take you there, Aphrodisia  
Aphrodisia, darling, let me take you there, Aphrodisia
