

Criticize

Alexander O'Neal

Can't you find something else to talk about?
Is this song the only one you sing?
Makes you look better when you put things down
Value your opinion

Don't criticize my friends
Criticize my ideas
Don't criticize my lifestyle
I'm fed up 'cause all you wanna do is criticize

Don't just close your mind
Ooh ooh (Criticize, yeah)
You don't realize (All you wanna do is criticize)
I just want what is right
Still you say
Criticize

Now can't we start this over?
'Cause your conversation ain't right
We can make our love stronger
You don't have to think twice

Don't criticize my friends
Criticize my ideas
Don't criticize my lifestyle
I'm fed up 'cause all you wanna do is criticize

Don't just close your mind
Ooh ooh (Criticize, yeah)
You don't realize (All you wanna do is criticize)
I just want what is right
Still you say
Criticize

Don't just close your mind
(All you wanna do is criticize)
Ooh ooh (Criticize, yeah)
You don't realize (All you wanna do is criticize)
I just want what is right
Still you say
Criticize

Don't criticize my motive
Criticize my feeling
Don't criticize my business
I'm fed up 'cause all you wanna do is criticize

Don't just close your mind
Ooh ooh (Criticize, yeah)
You don't realize (All you wanna do is criticize)
I just want what is right
Still you say
Criticize (Criticize, yeah)

Don't just close your mind
(All you wanna do is criticize)
Ooh ooh (Criticize, yeah)

You don't realize (All you wanna do is criticize)
I just want what is right
Still you say
Criticize

Gotta be your man
Stand beside me, baby
Don't you go walking out that door
No no no, no, baby

Don't just close your mind
(Baby, don't criticize)
Ooh ooh (Oh, criticize me)
You don't realize
(Ooh wee, baby, gotta have your love)
I just want what is right
Still you say
Criticize

Don't just close your mind
Ooh ooh
You don't realize
I just want what is right
Still you say
Criticize
