

Hearsay

Alexander O'Neal

Come here, girlfriend
Spreadin' on my name all over town

Hearsay, it's nothing but hearsay
Because a lie's not the truth
Until you can prove it

Where'd you get that information from?
Baby, somebody's steering you wrong
They want to break up our happy home, home

It's nothing but hearsay
That's causing you heartache
Because a lie's not the truth
Unless you believe it

You see, they bring up all the things I've done
When they need someone to pin it on
They point the finger in my direction

This time it's nothing but hearsay, you woman
It's nothing but hearsay
Because a lie's not the truth
Unless you can prove it

It's nothing but hearsay
It's never that easy
Because a lie's not the truth
Unless you believe it
Or 'til you prove it, baby
It's hearsay, oh, oh...

I don't want to talk about no hearsay
Oh, don't bring me no hearsay
The love that we've found
Oh, I'm gonna be around
I want you, you want me
And together we will be love of hearsay
Oh, little woman yeah, hearsay
Ooh, that'll get your jaw, hearsay
Oh, oh, we're making love

Love's gonna last
Ooh, I'm in your class
Girl, got to have your love
I wanna build you up
Hearsay, baby
Hearsay, oh oh
Hearsay, baby, oh, oh
Oh oh, oh oh...
