

Intro To "Criticize"

Alexander O'Neal

Alex, Alex, baby, look at you
Look at your suit you have on
Why'd you wear that suit?

Yeah, that suit is terrible

Looks like mess
And look at your hair, you didn't even style it right

Did you just wake up or something?

And look at this party
I invite my friends and you got these weak men around here
And wait, and what are you doing inviting her to the party?
You know I don't like her

Yugh

Look, she can't even dress either
You guys actually make a good pair
Golly, I swear, every single time, you know
I'm fed up with this, Alex
