

Our First Christmas

Alexander O'Neal

Whoa, we fell in love and it's our first Christmas
Whoa, will you still love me on New Year's Eve?

I walked into the mall and saw ya
Doing your Christmas shopping
I caught you in the toy department
We met under the mistletoe
And I kissed you and...

Whoa, (we fell in love) we fell in love
And it's our first Christmas (Our first Christmas)
Whoa, will you still love me on New Year's Eve?
(New Year's Eve)

If I can get to wrap your present
(Cause) All I do is dream of you
I just want to be in love a long, long time
Will you love me too? Will it last?

Whoa, we fell in love
And it's our First Christmas
(Our first Christmas, my love, oh, baby)
Whoa, (Ooh, baby, yeah), will you still love me on New Year's Eve?
(And it's our first Christmas, it's got to last)

Whoa, (It's our first Christmas, yeah), we fell in love
And it's our first Christmas
(And I wanna, wanna love you all night, all night long, baby)
Whoa, will you still love me on New Year's Eve?

Under, under the mistletoe
Never, never let you go
Under, under the mistletoe
Our love, our love will always grow

Never let you go, no, baby, yeah

Whoa, we fell in love and it's our first Christmas
(It's our first Christmas, don't you know)
Whoa, (Ooh, baby, yeah) will you still love me on New Year's Eve?
(Will you still love me on New Year's Eve?)

Whoa, (Ooh, baby), we fell in love
And it's our first Christmas (We fell in love, oh)
Whoa, will you still love me on New Year's Eve?
(And it's our first Christmas, baby)

Oh, you make me feel like Santa Claus
And I want to give you everything
We don't need no second party, no, baby
Want to enjoy this day all to ourselves

Whoa, (I wanna love you girl), we fell in love
And it's our first Christmas
(And it's our first Christmas, yeah, girl)
Whoa, (Together), will you still love me on New Year's Eve?
(We'll be so happy)

This is our first Christmas day, oh, girl
I loved you the first time; it won't be the last time
I want you to love ; I wanna make you happy
I want for you to see, I can be the man for you

Whoa, (I want to love you, girl), we fell in love
And it's our first Christmas
(And it's our first Christmas, yeah, girl)
Whoa, (Together), will you still love me on New Year's Eve?
