

# Shame On Me

Alexander O'Neal

Nothing better to do than think  
The idle mind's the devil's workshop  
So why ya trying to blame me  
For your insecurity  
The verdict is in you see  
And both of us know who's guilty  
I let you get over the last time  
You do it again, it's shame on me  
Do it again, it's a shame on me  
Do it again, it's shame on me  
I let you get over the last time  
You do it again, it's shame on me...
