

Time Is Running Out

Alexander O'Neal

Time is running out
Fast like speeding light
Keep up if you can
While youth is on your side
Don't waste another moment
Stand up and get started
'Cause life is movin' on
It's time you're racing with

Stop wasting time, time is running out
Stop wasting time, time is running out
Some people seem to think they don't have nothing but time
But tomorrow is never guaranteed
Today live your life
Take off that yokish attitude
Let's change the way we think
'Cause the only way to change reality is
To work hard on our dream
Stop wasting time, time is running out
I'm talkin' to you, gettin' busy

Stop wasting time, time is running out
Wait a minute, I'm going to laugh
No procrastinating, more participating
Stop wasting time, time is running out
I'm talkin' to you, stop wasting time
Time is running out

Talkin' 'bout time, time, time time
Go get yourself some business
Don't worry 'bout mine
I'm talkin' to you, gettin' busy
You better get real

Stop wasting time, make up your mind
Stop wasting time, and you will find
Find a better way
Time is running out
I'm talking to you
