

# I'm In Love

Alexander Rybak

No matter what they say - now I'm in love  
I do it my a way - cause I'm in love  
And I can't keep that song out of my mind  
Playing that silly tune - all the time

La da da da da  
I'm in love

No matter what they say - I don't care  
I do it anyway - anywhere  
I found this little song oh my own  
She said that I'm a genius - I'm in love

My friends say that I'm crazy - I'm just fine  
My neighbors stare at me - Never mind  
Cause everytime this sweetness of her smile  
My supersonic girl - I'm in love

No matter what they say - now I'm in love  
I do it my a way - cause I'm in love  
And I can't keep that song out of my mind  
Playing that silly tune - all the time

La da da da da  
I'm in love

No matter what they say - I don't care  
I do it anyway - anywhere  
I found this little song oh my own  
She said that I'm a genius - I'm in love

My friends say that I'm crazy - I'm just fine  
My neighbors stare at me - Never mind  
Cause everytime this sweetness of her smile  
My supersonic girl - I'm in love

No matter what they say - now I'm in love  
I do it my a way - cause I'm in love  
And I can't keep that song out of my mind  
Playing that silly tune - all the time

I'm in love
