

# Magic

Alexander Rybak

Suddenly the world plays magic  
Everywhere I turn there's magic  
The troubles on my mind vanished  
Cause the girl, the girl is magic

The beating of my heart, it's magic  
The seagulls on the roof scream magic  
And if you do not believe me, I'll manage  
Cause she's the air that I breathe  
Sounds like magic to me

Girl is magic  
Nothing but magic  
I got invited to her world of magic  
Love so foolish, used to be tragic  
But not anymore, cause the girl is magic  
The girl is simply magic

Every crazy thing she said: magic  
Now she's riding wild through my head: magic  
I bet she even waters plants with magic  
She'll be magic to the end of days  
Ripped out of a fairytale

Lying on the floor, sweet magic  
Nothing less, nothing more, it's just magic  
She got me 20 horse powers of savage  
Cause the girl, the girl, the girl is magic

My dancing on the street, pure magic  
Even the bruises on my feet, mmm magic  
Hey, but if you don't believe me, I'll manage  
Cause she's the air that I breathe  
It sounds magic to me

Girl is magic  
Nothing but magic  
I got invited to her world of magic  
Love so foolish, used to be tragic  
But not anymore, cause the girl is magic  
Girl is magic, nothing but magic  
Girl is magic, nothing but magic

The beating of my heart, it's magic  
The seagulls on the roof scream magic  
And if you do not believe me, I'll manage  
Cause she's the air that I breathe  
And that's magic to me

Girl is magic  
Nothing but magic  
I got invited to her world of magic  
Love so foolish, used to be tragic  
But not anymore, cause the girl is magic

Girl is magic  
Nothing but magic

I got invited to her world of magic  
Love so foolish, used to be tragic  
But not anymore, cause the girl is magic  
The girl is simply magic
