

Miracles

Alexander Rybak

When the sun comes out
And you are ready to face the day
Will the hope inside your heart
To be a hero that leads the way

There is a fire in your soul
Don't let anyone knock you down
Cause you will storm by stone
Prove to everyone what you got

You're a hero you're a star
When the road ahead is hard
Let's stand off together

Miracles can happen every day
Oh everyday
Oh-oh-oh miracles will always fire the way
Oh everyday

There's an engine in your mind
And it's running full speed ahead
You win one by one
Conquer every move you make

You're a hero you're a star
When the road ahead is hard
Let's stand off together

Miracles can happen every day
Oh everyday
Oh-oh-oh miracles will always fire the way
Oh everyday

You're a hero you're a star
When the road ahead is hard
Let's stand up together

Miracles can happen every day
Oh everyday
Oh-oh-oh miracles will always fire the way
Oh everyday

Miracles can happen every day
Oh everyday
Oh-oh-oh miracles will always fire the way
Oh everyday
