

## Smooth Escape

Alexander Rybak

Get it on, it's Friday night.  
Put that funky dress on  
Leave the working week aside  
Put that funky dress on

We will stay up till late  
it is a smooth escape  
We will think life is great  
within a smooth escape  
want to talk with our friends  
I want to flirt and romance  
and we don't care if it's fake  
it's just a smooth escape.

Baby you can make my night  
cause you know my weak spots  
close your eyes and feel alright  
Baby you can make my night.

Wanna stay up till late  
it is a smooth escape  
We will think life is great  
within a smooth escape  
want to talk with our friends  
I want to flirt and romance  
and we don't care if it's fake  
it's just a smooth escape.

up till late  
it is a smooth escape  
We will think life is great  
within a smooth escape  
We will talk with our friends  
I want to flirt and romance  
and who cares if it's fake  
it's just a smooth...  
...it's just a smooth escape.
