

# Aftermath

Alexander Stewart

I can't bring myself to throw out your chapstick  
It still rolls around the glovebox where you left it  
As stupid as it sounds  
I still got it now  
Cause parts of me knows  
Parts of you will always regret it

If you don't leave me in your past  
I'll always see you as my future  
I can't love just half of you  
Just do what you gotta do

Let me crash  
Let me burn  
It's a better kinda hurt  
When it's all  
Been said and done  
Maybe then I'll give you up  
Now I'm begging you for mercy  
And I'm praying you'll desert me  
So promise me you're never coming back  
Leave me in the aftermath

I would spend a hundred nights alone if I had to  
Maybe then I'd start to picture me without you  
Cause I can't escape the pain  
It's like I'm bleeding either way  
It's that first time that you left I'm going back to

If you don't leave me in your past  
I'll always see you as my future  
I can't love just half of you  
Just do what you gotta do

Let me crash  
Let me burn  
It's a better kinda hurt  
When it's all  
Been said and done  
Maybe then I'll give you up  
Now I'm begging you for mercy  
And I'm praying you'll desert me  
So promise me you're never coming back  
Leave me in the aftermath

You know I still love you  
We both know exactly what you're doing  
Give me just enough to keep me  
Coming back so there's no moving on

Let me crash  
Let me burn  
It's a better kinda hurt  
When it's all  
Been said and done  
Maybe then I'll give you up  
Now I'm begging you for mercy

And I'm praying you'll desert me  
So promise me you're never coming back  
Leave me in the aftermath
