

Back To You

Alexander Stewart

(You)

(Leads me back to you)

Thought by 8 months that I'd be better
By now I'd have it together
That I'd left the worst behind

But late at night I start to remember
All the times you told me forever
Just to leave without a fight

All of the sleepless nights
Scared that I'll never find
Someone that loved me and touched me like you

I can't believe that I still want ya
While I'm here in California
Thought by now that I'd be getting over you

You broke my heart way back in August
It's been too long, I don't want this
Feels like everything still leads me back to you

Back to you

You

You

Leads me back to you

Leads me back to

Drunk nights you were all that I cared for
And that drive taking you to the airport
Why did you tell me you'd come back?

You ruined dating and going out
And I can't stay in without spiraling out
Think I'm one drink away from calling you now

All of the sleepless nights
Scared that I'll never find
Someone that loved me and touched me like you

I can't believe that I still want ya
While I'm here in California
Thought by now that I'd be getting over you

You broke my heart way back in August
It's been too long, I don't want this
Feels like everything still leads me back to you

Back to you

You

You

Leads me back to you

Back to you

You (To you)

You (To you)

Leads me back to you
