

# Friends Don't

Alexander Stewart

Tell me what you want  
I'll tell you what you want to hear  
I'll take the pain to remain in your atmosphere  
No one has to know  
Where you ended up tonight  
Your secret is as safe as when you're by my side

You can call it what you want to  
You can call it what you need

But friends don't know you like this  
Talk with their eyes  
Stare at your lips  
And friends don't touch you like this  
Get with someone to make you jealous  
I know, I know  
It's gonna hurt me when you go  
I know, I know  
I'm still gonna let you come and do what friends don't

Written on your face  
Everything you wanna say  
When you tell me that you love me, but not that way  
And I would never make  
You take responsibility  
I'd bleed until I'm empty  
If it means you won't resent me

But friends don't know you like this  
Talk with their eyes  
Stare at your lips  
And friends don't touch you like this  
Get with someone to make you jealous  
I know, I know  
It's gonna hurt me when you go  
I know, I know  
I'm still gonna let you come and do what friends don't  
Friends don't

Every glance you steal  
Every chance you get  
Every long goodbye  
With you on my chest  
Is the proof I need  
That it's not just in my head

Friends don't know you like this  
Talk with their eyes  
Stare at your lips  
And friends don't touch you like this  
Get with someone to make you jealous  
I know, I know  
It's gonna hurt me when you go  
I know, I know  
I'm still gonna let you come and do what friends don't  
What friends don't
