

Let Me Hate You

Alexander Stewart

(Let me hate you)
(Let me hate you)
(Let me hate you)

I still remember the drink you made
The night that you told me his name
Tasted like gin and dishonesty, ah

Been a few weeks, I still lie awake
Miss you and push it away
You say you never stopped wanting me, ah

So I hold onto your lies
And make you the bad guy
But one look in your eyes
And you're changing my mind, yeah

Can you just let me hate you?
Can you just let me hate you?
'Cause I can't be strong until you're gone
And I won't chase you

Can you just let me hate you?
Can you just let me blame you?
'Cause I can't move on until you're gone
So let me hate you

Oh-oh-oh-oh
Let me hate you
Oh-oh-oh-oh
Let me hate you

I'm sick of seeing you at your best
You're only making it worse
I know that I shouldn't be impressed, ah

By all the ways you have apologized
You're getting into my head
I don't wanna do this again, no

So I hold onto your lies
And make you the bad guy
But one look in your eyes
And you're changing my mind, yeah

Can you just let me hate you?
Can you just let me hate you?
'Cause I can't be strong until you're gone
And I won't chase you

Can you just let me hate you?
Can you just let me blame you?
'Cause I can't move on until you're gone
So let me hate you

Oh-oh-oh-oh
Let me hate you

Oh-oh-oh-oh
Let me hate you
Oh-oh-oh-oh
Let me hate you
Oh-oh-oh-oh
Let me hate you

Been all I think about
Since I've been here without
The chaos and the pain, still feel it now
'Cause I still love you

Been all I dream about
Wish we could work it out
But if we did, you would only let me down

Can you just let me hate you?
Can you just let me hate you?
'Cause I can't be strong until you're gone
And I won't chase you

Can you just let me hate you?
Can you just let me blame you?
'Cause I can't move on until you're gone
So let me hate you

Oh-oh-oh-oh
Let me hate you
Oh-oh-oh-oh
Let me hate you
Oh-oh-oh-oh
Let me hate you
Oh-oh-oh-oh
Let me hate you
