

# Life At First Sight

Alexander Stewart

Never thought I'd have a reason to  
Put somebody else first  
I was lost  
Then darling there was you  
I guess that's how it works

When a stranger knows you more than you know yourself  
And your missing piece was in somebody else  
Yeah I knew  
When I saw you

It was life at first sight  
My future in your eyes  
I love you now and I'll love you more  
Every day that I get to be yours  
Must of done something right  
Cuz God put you by my side  
To have and to hold til we're grey and old  
Oh when I saw you I saw my whole Life  
At first sight

Spin you round the kitchen cross the floor  
Leave the dirty dishes  
I'll hold you tight and then you'll kiss me slow  
And we'll reminisce when there's

Lines on our skin I'll adore every one  
Reminds me of every trip round the sun  
Yeah it's true  
When I saw you

It was life at first sight  
My future in your eyes  
I love you now and I'll love you more  
Every day that I get to be yours  
Must of done something right  
Cuz God put you by my side  
To have and to hold til we're grey and old  
First time I saw you I saw my whole life  
At first sight

It was life at first sight  
My future in your eyes  
I love you now and I'll love you more  
Every day that I get to be yours  
Must of done something right  
Cuz God put you by my side  
To have and to hold til we're grey and old  
Oh when I saw you I saw my whole life  
At first sight
