

Put You First

Alexander Stewart

Always said we had to stay at your place
Even though I hated all your roommates
How many hours have I spent driving to you?
You had to be the center of attention
If I couldn't call then you had questions
It's not like I had, had a whole life
Outside of you

It's too late now 'cause I'm all out
Of second chances

So go
Find someone else to hold
I had to let you go to see the worst in you
To feel the pain you put me through
And, oh
You never called at all
Maybe I should've know that lovin' you would hurt
'Cause all you ever did was put you first

Said that I was miscommunicating
(Miscommunicating)
But really you were just manipulating (Manipulating)
Always put the blame on me so it makes you think
That I'd take you back

It's too late now 'cause I'm all out
Of second chances

So go
Find someone else to hold
I had to let you go to see the worst in you
To feel the pain you put me through
And, oh
You never called at all
Maybe I should've know that lovin' you would hurt
'Cause all you ever did was put you first

You were selfish and [?] and I
Should have seen through the false and the lies
I fell for it all
But all you ever did was put you first
You were selfish and reckless and I
Cut you out but it cuts like a knife
I gave you my all
But all you ever did
Was put you first
