

STOP & GO

Alexander Stewart

Two in a million, but with you that's more than enough
Give me a feeling and I know it's bigger than us
You're the air that I'm breathing, the dreams that I'm dreaming
Yeah, I can't believe it

You pull out all the stars, 'cause you can't let me go
And that's the kind of love you know I've never seen before
You take me to the top and hold me when I'm low
You show me all the love you know I've never seen before
So don't-

Stop, stop, stop
I won't go, go, go
So don't stop, stop, stop, no
So don't stop, stop, stop
I won't go, go, go
So don't stop, stop, stop, no
I won't-

Whatever it takes, yeah
I know you're down for the ride
My imagination can't even compare to this life
You're the air that I'm breathing, the dreams that I'm dreaming
I still can't believe it

You pull out all the stars, 'cause you can't let me go
And that's the kind of love you know I've never seen before
You take me to the top and hold me when I'm low
You show me all the love you know I've never seen before
So don't-

Stop, stop, stop
I won't go, go, go
So don't stop, stop, stop, no
So don't stop, stop, stop
I won't go, go, go
So don't stop, stop, stop, no
I won't go, go, go
I won't go, go, go
I won't go, go, go
I won't-
I won't go, go, go
I won't go, go, go
I won't go, go, go
I won't-
I won't go, go, go
I won't go, go, go
I won't go, go, go
I won't-

You pull out all the stars, 'cause you can't let me go
And that's the kind of love you know I've never seen before
You take me to the top and hold me when I'm low
You show me all the love you know I've never seen before
So don't-

Stop, stop, stop
I won't go, go, go
So don't stop, stop, stop, no (No)
So don't stop, stop, stop
I won't go, go, go

So don't stop, stop, stop, no (No, yeah)
I won't go, go, go
I won't go, go, go
I won't go, go, go
I won't-
I won't go, go, go
I won't go, go, go
I won't go, go, go
I won't-
