

This Is Your Life

Alexander Stewart

Remember when we were younger
We'd play hide and seek, it was just you and me
Wishing that we were older
Didn't have any cares, it's so unfair

That the youth is wasted on the young
When did things get so damn rough

Won't you take a breath
Won't you look inside
Lose the pieces you don't want
Declutter your mind
Get back to all your childhood fantasies
They don't have to be

Cause this is your life
Right?
Don't waste it growing up
Yeah this is your life
Right?
Don't waste it growing up

Your life
Your time

Now that we're growing older
Wishing time would slow down
Could you come back around?
I could use a shoulder
Wish I didn't care
God it's so unfair

That the youth is wasted on the young
When did things get so damn rough

Won't you take a breath
Won't you look inside
Lose the pieces you don't want
Declutter your mind
Get back to all your childhood fantasies
They don't have to be

Cause this is your life
Right?
Don't waste it growing up
Yeah this is your life
Right?
Don't waste it growing up

Your life
Your time
