

## From the Heart of an Angel

Alexander

Oh my Angel, years may come and years may go  
Be my angel  
Oh angel, I'll never, never let you go  
Be my angel  
If I hold you tonight- would I lie to you  
If I promise my heart- my dream come true, tonight

Chorus: From the heart of an angel  
Where the sky meets the heaven  
To the end of a journey  
On the wings of Love  
From a heart with emotion  
To the deepest devotion  
From the heart of an angel  
I can't get enough  
Oh my angel you're the light- that guides my way  
Be my angel  
Oh angel but there's one thing I will say  
Be my angel  
Oh I'm living my life in an ocean of love  
And I'm staying with you a hundred years  
Are not enough, my love  
Chorus 2x
