

Try

Alexandra Burke

What's that they say about time?
It heals all things but not the blind
And there is no one more blind
Then the one who refuses to see

I need you, don't want you to go
Don't leave me, I'm too in your throat
It's not time, won't you agree?
Please say it's all just a make-believe

One more time
Give it one more try
One more time
Give it one more try

What's that they say about time?
It changes things, but not my mind
I haven't come this far to fall
Met each other down, down

Know that I know you, I know who you are
No one could pass you, you set the bar
One last chance, one more attempt
Don't give up on me yet

One more time
Give it one more try
One more time
Please give it one more try

No one has to prove to, just maybe yourself
You'll have to pay for the hand that you've been dealt
No one has to prove to, just maybe yourself
So just try one more time

One more try
Just give it one more try
One more try
Just give me one more, just one more try

One more try
