

# Easy

Alexandra Kay

It was easy  
Being twenty-one and only  
Seeing what you wanted me to see  
Easy  
Locking eyes across the bar  
Sneak into your car  
Get those windows fogging up  
Yeah, it was easy  
When every time you touch me  
Sparks fly, a brand new high  
But now we're coming down  
You say I got it easy walking out  
But without a doubt

It ain't easy  
Waking up at night  
Reaching to your side and it's empty  
It ain't easy  
Looking people in the eye  
Swearing I'm alright when I'm falling to pieces  
Easy letting go when I've never been alone  
And I don't know who I am without you  
Now I'm crying on the bathroom floor  
And we ain't got it easy anymore

Yeah, it was easy  
Saying that you're right  
To dodge another fight  
Kiss and say "Goodnight"  
It'd be easy going on  
Like nothing's even wrong  
But you know I know  
The flame is all burned out  
It was easier just playing house  
But this goodbye now

It ain't easy  
Waking up at night  
Reaching to your side and it's empty  
It ain't easy  
Looking people in the eye  
Swearing I'm alright when I'm falling to pieces  
Easy letting go when I've never been alone  
And I don't know who I am without you  
Now I'm crying on the bathroom floor  
And we ain't got it easy anymore

No, we ain't got it easy anymore

It wasn't easy to see you crying  
And if it's easier, make me the bad guy  
That's alright  
Can't say that I didn't try  
Try to recognize wrong from right, from what was easy  
Hmm, was easy

'Cause it ain't easy

Waking up at night  
Reaching to your side and it's empty  
It ain't easy  
Looking people in the eye  
Swearing I'm alright when I'm falling to pieces  
Easy letting go when I've never been alone  
And I don't know who I am without you  
Now I'm crying on the bathroom floor  
And we ain't got it easy anymore

(Got it easy)  
No, we ain't got it easy anymore  
(Got it easy)  
We ain't got it easy anymore
