

# What He Does

Alexandra Kay

Daisies on the nightstand  
Boots out by the porch  
When I say I love you  
He says I love you more  
He keeps that book wide open  
And lets his feelings show  
Puts pieces back together  
I didn't even know were broke

You said I was asking too much  
But if you did what he does  
Oh, he makes it look so easy  
Why the hell was it so tough

If you loved like he loves  
Oh, just like that I'd have never had  
A reason to run  
And I'd die before I'd go back to that life  
But sometimes I wonder what it might be like  
If you did what he does

He smiles in all our pictures  
Knows where he wants to be  
Wears that tattooed scripture  
And his heart right on his sleeve  
He don't say I'm asking too much  
If you did what he does  
Oh, he makes it look so easy  
Why the hell was it so tough

If you loved like he loves  
Oh, just like that I'd have never had  
A reason to run  
And I'd die before I'd go back to that life  
But sometimes I wonder what it might be like  
If you did what he does

I'd still wonder why you couldn't  
And it used to make me cry  
Now I don't have to wonder  
And I'm sleeping next to why

If you did what he does  
Oh, he makes it look so easy  
Why the hell was it so tough  
If you loved like he loves  
Just like that I'd have never had  
A reason to run

And I'd die before I'd go back to that life  
But sometimes I wonder what it might be like  
If you did what he does
