

Bones

Alexandra Savior

In my bones, I can feel it in my bones
In a way that I've never felt before
I just can't stop from wondering where you are
How's it for you, baby?

Don't know why, don't know where to begin
Don't know what is or isn't happening
Don't know how, my head's in such a spin
Is yours in one too, baby?

And it goes on, it goes on and on
While you're here
And long after you're gone
Can't pretend, no more
I just can't pretend I'm not in love with you
That's not true

Drift away and only dream of you
And I have to say, I wake up in the mood
Ain't had your name as a knuckle tattoo
But I think I might do "shawty"?

In my bones, I can feel it in my bones
In a way that I've never felt before
I just can't stop from wondering where you are
How's it for you, baby?

And it goes on, it goes on and on
While you're here
And long after you're gone
Can't pretend, no more
I just can't pretend I'm not in love with you
That's not true...
