

# Round&Round

Alexandra Stan

We were wild fires  
Lighting the sky now we're flickers just burning  
If only I could just remember that feeling  
I just wanna go back that way  
Can we go back that way yeah  
Take the weight if you just let me  
This feeling's too heavy yeah

You're bringing me up, down down down  
Spinning my head round round round  
Bringing me up, breaking me down  
Spinning my head round round round  
You're bringing me up, down down down  
Spinning my head baby, round round round  
Your love  
Oh oh oh oh oh  
Oh oh oh oh oh oh  
Oh oh oh oh oh oh  
Oh oh oh oh oh oh oh oh oh oh  
Oh oh oh oh oh oh

I can help it  
Why does it hurt me so bad to feel this good  
Is what I keep asking myself over and over again  
And every time another heart ache  
Yet another mistake yeah  
But is it you or me to blame  
This is almost insane

You're bringing me up, down down down  
Spinning my head round round round  
Bringing me up, breaking me down  
Spinning my head round round round  
You're bringing me up, down down down  
Spinning my head baby, round round round  
Your love  
Oh oh oh oh oh  
Oh oh oh oh oh oh  
Oh oh oh oh oh oh  
Oh oh oh oh oh oh oh oh oh oh  
Oh oh oh oh oh oh

I push you  
You pull me  
Next thing then  
We're back in  
We go through  
The same thing  
Oh oh oh oh oh  
I push you  
You pull me  
Next thing then  
We're back in  
We go through  
The same thing  
Oh oh oh oh oh  
Oh oh oh oh oh oh

Oh oh oh oh oh oh  
Oh oh oh oh oh oh
