

# Tokyo

Alexandra Stan

Yeah, yeah

I won't always wait up  
For your pride to decide  
I should get away  
Won't stay  
You'll pray  
Just another cliché  
I won't always wait up  
For your pride to decide  
I won't press replay  
Won't stay  
Today  
Can't pretend it's okay

You were just another show  
Killed one let the other go  
Past ghost that I'll never wait for  
Widow that you'll never die for

You'll find me in Tokyo  
My songs on the radio  
Left my keys in your heart's backdoor  
Looking for them on the dance floor  
Woah oh oh oh uh  
Woah oh oh oh oh  
Woah oh oh oh uh  
Woah oh oh oh oh

I won't always wait up  
For your pride to decide  
I won't press replay  
Won't stay  
Today  
Can't pretend it's okay  
It's not okay  
Maybe we could catch up (catch up)  
But we never really tried  
(But we never really tried baby)  
Stuck up on delay  
Make way  
Foreplay  
For a new yesterday

You were just another show  
Killed one let the other go  
Past ghost that I'll never wait for  
Widow that you'll never die for

You'll find me in Tokyo  
My songs on the radio  
Left my keys in your heart's backdoor  
Looking for them on the dance floor  
Woah oh oh oh uh  
Woah oh oh oh oh  
Woah oh oh oh uh  
Woah oh oh oh oh
