

Safe Haven

Alexiane

Breathe in, breathe out
The edge will eat my skin raw
Breathe in, breathe out

This healing took so long
My body's spinning out of control
Breathe in, breathe out

I'm drunk out of a song
Like you wouldn't believe it right now
It's where I belong
It's just what I'm needing

It's my safe haven
It's my safe haven
It's my, it's my
It's my safe haven
It's my safe haven

Mind games, all those mind games
Gotta stop thinking now
Don't bury me alive
Breathe in, breathe out
(Breathe in, breathe out)

I'm drunk out of a song
Like you wouldn't believe it right now
It's where I belong
It's just what I'm needing

It's my safe haven
It's my safe haven
It's my, it's my
It's my safe haven
It's my safe haven

Oh, safe haven
Oh song, spiral with me
Oh, spiral with me
I need your energy
Give me your energy

Breathe in, breathe out
And breathe in, breathe out
And breathe in, breathe out
Oh, breathe in, breathe out
Oh!

It's my safe haven
It's my safe haven
It's my, it's my
It's my safe haven
It's my safe haven

Oh, safe haven
Oh, safe
