

## Fully Completely

Alexisonfire

Bring me back in shackles  
Hang me long out in the sun  
Exonerate me  
Forget about me  
I recommend measures for ending it  
Lover, she simply slammed the door

She said, "You're going to miss me  
Wait and you'll see"  
Fully, completely

I ponder the endlessness of the stars  
Ignoring said same of my father

Either it'll move me  
Or it'll move right through me  
Fully, completely

Bring me back in shackles and hang me long out in the sun  
Exonerate me, forget about me  
Wait and you'll see, wait and you'll see  
Fully, completely  
Fully, completely  
Fully, completely  
Fully, completely
