

These days won't last
This too shall pass
The pain won't linger on
Through dust and dark
The seed, the spark
Crying in this lonely parking lot

It's easier to love someone else
Than it is to be kind to yourself
What's harder is to let someone in
You loved me when I couldn't love myself
I couldn't love myself

Where you end, I begin
Where you end, I begin
Where you end, I begin
Where you end, I begin again
I begin again

Your smell on my sheets
Haven't spoke a word in weeks
But I don't want to lie to you
It's been dark for days
Sans soleil
It's lonely in the city by myself

It's easier to love someone else
Than it is to be kind to yourself
What's harder then is to let someone in
You loved me when I couldn't love myself
I couldn't love myself

Where you end, I begin
Where you end, I begin
Where you end, I begin
Where you end, I begin again
I begin again

I'm glad you're here with me
At the end of all things
I'm glad you're here with me
At the end of all things

Where you end, I begin
Where you end, I begin
Where you end, I begin
Where you end, I begin again
I begin again
I begin again
