

# Heaven's Gate

Alextbh

The sun's getting bright  
The ground beneath me starts to shake  
That's when I know I can't escape  
My fate  
Look up in the sky  
It's raining fire everywhere  
Get on your knees and say your prayer  
Before it's too late

'Cause baby  
When the world is burning  
When it turns to dust  
Will you be here with me?  
'Cause we know we don't have much time  
To stay  
And baby  
When our days are numbered  
When our lives are done  
Will you be here with me?  
'Cause we know we'd be left outside  
The heaven's gate, heaven's gate

Didn't make the cut  
But your love's good enough for me  
More genuine than anything  
I've seen  
So go ahead  
Go cherry pick your verses  
And see if it is worth it  
I live my life with no regrets

So baby  
When the world is burning  
When it turns to dust  
Will you be here with me?  
'Cause we know we don't have much time  
To stay (to stay, to stay, to stay)  
And baby  
When our days are numbered  
When our lives are done  
Will you be here with me?  
'Cause we know we'd be left outside  
The heaven's gate, heaven's gate

We'll be left outside  
So what if we're left outside?  
Whoa, oh oh oh  
(Heaven's gate, heaven's gate)  
Oh no  
So what if we're left outside?  
So what if we're left outside?  
(Heaven's gate, heaven's gate)
