

Her

Alextbh

Darling
Won't you tell me
What do you see in her that you don't see in me?
I know
No one can be blamed
Guess you were ashamed enough to lie right through your teeth

All I want
Is you to love me right
Why do I chase the high
Again and again
When I'm not her?
And all I want
Is you to say 'you're right'
Give it another try
Again and again
But I'm not her
No, I'm not her

She's got it all
But you got it wrong if you think she's the enemy
I'm left with the worst parts that she'll never see
Why do you hurt the ones that love you endlessly?

All I want
Is you to love me right
Why do I chase the high
Again and again
When I'm not her?
And all I want
(All I want, my love)
Is you to say 'you're right'
(You're right, you're right)
Give it another try
Again and again
(Oh, I'm not her)
But I'm not her
No, I'm not her

Oh, waking up with weights on my chest
Wasted all my time, when will I learn?

All I want
Is you to love me right
Why do I chase the high
Again and again
When I'm not her?
And all I want
Is you to say 'you're right'
Give it another try
(I'll try again again but I'm not her)
Again and again
But I'm not her
No, I'm not her
Whoa
No, I'm not her
Whoa

No, I'm not her
