

# Stoop So Low

Alextbh

Should've known your history  
Know you're gonna do this to me  
All I wanna do is moving on, but  
Goddamn these boys are all the same

You switch boys like you switch lanes  
And you don't know how to give brains  
I hate the sex and your flex is lame  
Don't pay tax but you still claim  
My friends, they tried to warn me  
But I'm stuck up and I'm desperate  
I'll admit that you played me  
But I'm wide awake and I'm over it

Why you gotta stoop so low like this, huh?  
Abusing my feelings like this, huh?  
Why you gotta stoop so low like this, huh?  
Abusing my feelings like this, huh?  
Why you gotta stoop so low like this, huh?  
Abusing my feelings like this, huh?  
Why you gotta stoop so low like this, huh?  
Abusing my feelings like this, huh?

Talk shit, same tricks, different days  
I wonder if it's tiring, if this pays  
Shame that we couldn't be a thing  
But you just had to do this, yeah you just had to

Switch boys like you switch lanes  
And you don't know how to give brains  
I hate the sex and your flex is lame  
Don't pay tax but you still claim  
My friends, they tried to warn me (warn me)  
But I'm stuck up and I'm desperate  
I'll admit that you played me (huh)  
But I'm wide awake and I'm over it

Why you gotta stoop so low like this, huh?  
(Why you gotta, why you gotta)  
Abusing my feelings like this, huh?  
(Feelings like this)  
Why you gotta stoop so low like this, huh?  
Abusing my feelings like this, huh?  
Why you gotta stoop so low like this, huh?  
Abusing my feelings like this, huh?  
(Abusing my feelings like this)  
Why you gotta stoop so low like this, huh?  
(Why you gotta stoop so low)  
Abusing my feelings like this, huh?

Why you gotta, why you gotta?
