

## Superstore

Alextbh

I took you the superstore, a bag in my pocket  
We watched the crowds multiply then fade into nothing  
We stood outside, asked for light  
Talked to your friend, a little cold but it's fine  
After party starts at five, no one's there, changed my mind  
Let's go home, mhm

I'm never gonna hurt you, babe  
Never hurt you, babe, I won't  
Let's never make promise, babe  
Make a promise, babe, at all

Told me to blow it out, blow it out the window when I smoke  
All the cards are on the table  
I don't wanna add you to the body count, ooh  
If we get this right, read the lines  
No in-between, I'm here to ease your mind  
Ease your mind

I'm never gonna hurt you, babe  
Never hurt you, babe, I won't  
Let's never make promise, babe  
Make a promise, babe, at all (Never make a promise, baby)

I'm never gonna hurt you, babe  
Never hurt you, babe, I won't (Never gonna hurt you, baby, never gonna hurt you, baby)  
Let's never make a promise, babe (Never make a-)  
Make a promise, babe, at all (Said never make a promise, baby, never make a promise, baby)  
I'm never gonna hurt you, babe  
Never hurt you, babe, I won't (No-no, no-no-no, no, not at all, I'll never make a promise, baby)  
Let's never make a promise, babe (Oh, yeah, yeah)  
Make a promise babe, at all (Oh, oh, oh-oh-oh)
