Sundown, you come to me  
Pin me down to the sheets  
Sunrise you disappear  
Need a sec, let me breathe

Bed is in flames  
Curling my toes (Yeah)  
10,000 frames  
Taking it slow  
What's the rush, don't you go  
Go

Stay with me, pretty please (Yeah)  
Sundown, you come to me  
Pin me down to the sheets (Pin me down, pin me down)  
Sunrise you disappear (Oh, oh)  
Need a sec, let me breathe  
Need a sec, let me breathe

Oh no, don't let me fuck this up  
I've been through this enough  
Feet back on the ground  
We'll work it out somehow

Bed is in flames  
Curling my toes (Yeah)  
10,000 frames  
Taking it slow  
What's the rush, don't you go  
Go

Stay with me, pretty please  
Sundown, you come to me (Sundown, you come to me)  
Pin me down to the sheets (Pin me down, pin me down)  
Sunrise you disappear (Oh, oh)  
Need a sec, let me breathe  
Need a sec, let me breathe  
Need a sec, let me breathe

You said things work out all the time  
I took a leap of faith and then some  
Head first, we're gonna dive into the deep
