

End Of The World

Alexx Calise

Counting down from ten
I'm saying my prayers
Thinking of the things I would have done
Could have done, should have done
What a trip it's been
Shame it's gotta end
Won't you hold my hand
While we run, for cover
Last kiss on my lips couldn't be sweeter

Been fun
The party is over
I've learned a thing or two
Now I'll watch
The end of the world with you

Guess this is goodbye
Wish I could buy time
Wouldn't that be nice?
Spit in one hand and wish in the other
Better brace yourself
It's gonna hurt like hell
Did this to ourselves
Too little, too little, too late now
Last kiss on my lips couldn't be sweeter

Been fun
The party is over
I've learned a thing or two
Now I'll watch
The end of the world with you

Oh no, here it comes, so get ready to run for your life

Been fun
The party is over
I've learned a thing or two
Now ill watch
The end of the world with you
So long
It's finally over
No one left to miss you
Front row to
The end of the world with you
