

# See You Again

Alexx Calise

I don't know  
What's going on inside of my head  
I am numb  
Lying here alone in my bed  
My soul is running on empty  
My heart is barely even beating  
Our song is playing on repeat  
But I can't make much sense of it  
It's gonna take more than "I'm sorry"  
No happy ending to our story  
Came so quick and without a warning

And I can't seem to let go of it  
I never felt pain like this  
Words cannot describe  
How much I miss you  
And I can't seem to just carry on  
Cuz everything is going wrong  
And what I wouldn't give  
Just so that I could see you again

And it feels like the whole world is just crumbling down  
Yea it is  
And it's so dark  
And cold without you hanging around  
Everywhere I go, everywhere I turn I see you  
Though it burns I just don't know what I should do  
Tell me what's gonna help me through all this

See you again, see you again...
