

Borderline

Alexz Johnson

I was eighteen just yesterday
I tell you, time flies away
How many times can you run a red?
You gotta live it for yourself
Till you're finally dead

Hitting a wall, you're running so fast
We borrowed a jeep, filled it up with gas
How many times have I run away?
You have to sabotage a little
So you learn how to stay

You don't know what you're gonna find
You won't know till you make it to the borderline
Don't be scared, you'll be just fine
Take my hand as we make it through the borderline

I never knew I'd have so much to lose
How did I even deserve you?
I've broken every damn thing that I held on to
With a heart wide open, and your eyes so blue

The best decision that I've ever made
Was saying yes to your dad, I waited late
But I can't imagine who I'd be today
If I didn't take the chance, or learn how to pray

You don't know what you're gonna find
You won't know till you make it to the borderline
Don't be scared, you'll be just fine
Take my hand as we make it through the borderline

In my mind I, I see the future
It's painted on the wall
Oh, yeah!
And it don't matter what disaster
We'll make it through it all
(Be just fine)
Yeah!
(Borderline)

Don't be scared, you'll be just fine
Take my hand
You don't know what you're gonna find
You won't know till you make it to the borderline
Don't be scared, you'll be just fine
Take my hand as we make it through the borderline
