

Don't You Dare

Alexz Johnson

Dark cloud moving in
Just one fall of rain
Would wash away
Wash away the pain

Just one ray of sun, to warm my skin
Rid me of the cold you're drowning

I could say that I don't care
But the truth is I'd follow you anywhere
I've been waiting such a long, long time
Don't you dare change your mind

Seems so close to me but still beyond my reach calling me and p
laying hide and seek
Look behind that door I'm the one you been searching for and I'
m not a little girl anymore

I could say that I don't care
But the truth is I'd follow you anywhere
I've been waiting such a long, long time
Don't you dare change your mind

Don't wander round looking
For someone to replace me
Don't wander round wasting
The rest of your life
Don't wander round waiting
For someone else to save you
And don't you make the same mistake twice

I could say that I don't care
But the truth is I'd follow you anywhere
I've been waiting such a long, long time
Don't you dare change your mind

I could say that I don't care
But the truth I'd follow you
I've been waiting such a long, long time
Don't you dare change your mind

Don't you dare change your mind
Don't you dare change your mind
