

I Swear I Was Never In Love

Alexz Johnson

This isn't how it's supposed to be
Me loving you and you not loving me
Now I'm in no need of your company
So please
Just leave and let me get out of your way
There's nothing left now we need to say
Stay away
I'm sayin' things I really wish I mean
I wish you never messed around with me, ha
But now that we're done

I swear, I swear I was never in love
I swear, I swear I was never in love
No, I was never in love

I didn't meet you in the bar
I never kissed you in the dark
I wouldn't recognize your birthmark
It's true, ooh
Been feelin' better now that we are through
I swear to God I never loved you, ha
And now that we're done

I swear, I swear I was never in love
I swear, I swear I was never in love
No, I was never in love
I swear, I swear I was never in love
I swear, I swear I was never in love
No, I was never in love, ha

(No, whoa, whoa)
I swear I didn't love, ha
(No, whoa, whoa)
Ooh never in love
(No, whoa, whoa)
Never been in love
Never in love, never in love
I was never in love

I swear, I swear I was never in love
(Was never in love)
I swear, I swear I was never in love
I was never in love
I swear, I swear I was never in love
(Ooh, now that we're done)
I swear, I swear I was never in love
No
Oh, I was never in love, ha
Was never in love
I swear, I swear I was never in love
Was never in love
